## CEB Qatar is Launched

08 October 2006

As part of its regional expansion strategies ,CEB, a leading Jordanian IT company has launched CEB Qatar. This has been realized through a joint venture between CEB Jordan and Al Majaz, a Qatari based IT Group.

The company was launched in an official ceremony at the Sheraton Resort Doha.. The event was attended by top officials from the two companies in addition to a good crowd of guests from the government and the private sector.

CEB Qatar will offer various solutions and technologies such as Document Management Systems through CEB's ImageLinks, core banking and micro-finance solutions through CABS, comprehensive insurance application solution through AMAN, and enterprise Kiosk systems and solutions.

In addition, CEB Qatar will provide services in consultation and training for ITIL and Oracle services through data migration solutions and consultation. Services to also include technical writing services for software providers.

"Our decision to open our first regional branch in Qatar came after a comprehensive study of various potential regional markets which showed Qatar to have great potential for IT business growth " Said Ayman Arafah, General Manager of CEB. He went to elaborate " We chose to work with Al-Majaz due to its excellent reputation in the Qatari market when it comes to offering innovative solutions and good support."

Mohammad Abaidly, General manager of Al-Majaz stated: " CEB is a well known IT company not only in Jordan but in the region as well, and we are very pleased to partner with them to serve the growing IT needs in the Qatari market."
